GALLIA

a Romanis occupata
anno a. C. n. L

CELTAE

AQUITANIA

PROVINCIA
NARBONENSIS

BELGAE

VICUS GALLORUM

PARVIBONUM

LAUDANUM

AQUARIUM

BABAORUM

LUTETIA

AREMORICA

anno a.C.n.L: tota Gallia, quae, ut vides, est divisa in partes quinque, a Romanis occupata est... Totane? Minime! Vicus quidam a Gallis invictis habitatus invasoribus resistere adhuc non desinit. Neque vita facilis legionariis Romanis, quibus sunt castra bene munita Babaorum, Aquarium, Laudanum, Parvibonumque...

QUIDAM GALLORUM...

ASTERIX heros noster est. qui subiit haec pericula. Ei viro bellicoso humili statura ingenioque callido omnia periculso mandata sine ulla dubitatione committuntur. Vim plus quam humanam ex potione magica Panoramigis Druidae trahit...

OBELIX inseparabilis Asterigis amicus est. Munus eius est ingentes cippos comportare, valde amat carnem aprorum. Obelix semper paratus est omnia ex manibus demittere, ut Asterigem ad novum periculum subeundum sequatur, dummodo apri et acerrimae rixae appareant.

PANORAMIX, venerabilis vici Druida, visca secat potionesque magicas miscet. Imprimis potio quaedam, quae vires incredibiles tribuit, popularissima est atque gratissima vicanis. At Panoramigi etiam aliorum potuum praecepta sunt...

CANTORIX bardus est. ludicia de eius indole diversa sunt: ipse se ingeniosum iudicat, omnes ceteri cantus eius incredibiles esse sentiunt. At cum nihil dicit, sodalis hilaris atque alacer est, ab omnibus magni aestimatus...

MAIESTIX postremo princeps civitatis est. Augustus, tortissimus, suspiciosus homo rei militaris peritissimus a suis colitur, timetur autem ab hostibus. Maestix nihi timet nisi hoc unum: ne caelum in caput cadat. At ut ipse dicit: „Nondum omnium dierum sol occidit.“

Alexandriae, in capite regni Aegyptiorum, in regia illius fabulosae Cleopatrae venustissimo naso praeditae...

contumeliosa dicis, o Caesar!

age, iam tandem concede, regina mea, tuos degeneravisse a virtute maiorum tantumque dignos, qui Romanorum arbitrio vivant servilem in modum!

populus meus pyramidas construxit! turrim Phariam! templa! obeliscos!!!

antiquissimis temporibus! nostris nihil aliud potest nisi expectare, dum Nilus alveum excedat!

satis!

populum meum adhuc ingeniosissimum esse tibi demonstrabo, o Caesar: regiam amplissimam tibi construet — tribus mensibus!

quod si tibi bene successerit, regina mea, me valde erravisse tuosque adhuc praeclari ingenii esse concedam!

... at dubitandumst!

celerius ira ardescit, attamen omnis venustast...

... quod imprimis ad nares eius convenit!

pax, qua vicus
invictorum Gallorum
fruitur, mox
turbabitur...

doceo artem
cippos portandi hunc
canem parvum!

praepara mensam,
ut edere possimus
hunc aprum mag-
num!

interdum mira-
bilis quidam pe-
regrinus advenit...

dic mihi,
quaeso, ubi
sit Panoramix
druida?

sedet in illa
arbore visca
secans.

heus
Panoramix!?

pro Teuta-
tes? quem
audio? quem
video?

salve etiam atque etiam, amicorum optime!

vir Alexandrinus
est!

introduco apud vos Nu-
merobim, amicum meum,
architectum Alexandrinum,
quem in itinere cognovi.

haec est causa tam
longi itineris: oro te,
o Panoramix, ut me
adiuves...

nisi intra tres men-
ses Caesari domum re-
giam aedificavero, Cleo-
patra me crocodilis
obiciet...

... et de me auxilio
tuo carente actumst.
uluuul!

possuntne edi
crocodili?

tacedum,
Obelix!

desine lamentari, Numerobis.
nonnullos enim codices in
bibliotheca Alexandrina re-
censere in animo habui...

... nunc tempus est, ut
te in Aegyptum comiter!

nos quoque!

pro Osiris!
verumne est?

bau,
bau!

nullo modo cantabis, Cantorix, nullo modo!

postridie mane...

ut primum navem
appulerimus, vos in re-
giam comitatus reginae
commendabo.

in regia sua Cleopatra
sumptuosa sumere
parat margaritas aceto
dilutas, quem cibum
maxime appetit.

pro Osirirs!
ubi est forceps
margaritarius?

munere tuo
fungere, prae-
gustator!

iam fun-
gor, regi-
na mea!

puella gulosa,
quae iterum
quattuor mar-
garitas in acetum
suum intinxit!

vae me! abhorreo
ab aceto spumosiore!

Numerobis archi-
tectus, ut sibi aditus
detur, petit.

adeat!

o regina mea!
vobis amicos meos
Gallicos commendare
velim, qui me iuvan-
di causa venerunt.

Idefix!

rrrrrr!

iuventquidem! sed properate,
quia nulla mora est. Caesar me
die nocteque lacessit. si pen-
sum in tempus absolveritis, vos
multo auro delectabimini!... sin
autem minus, crocodili vobis!

...quod autem te,
Numerobis, loco Nilo-
magis tibi invidentis
regiam Caesaris aedi-
ficare iussi, ille max-
imo afficietur
gaudio, si cursum
honorum tuorum in
ventre crocodili
finies! nunc tan-
dem vos amo-
vete!

peiores qui-
dem mores eius,
at nares venus-
tae.

immo
venustis-
simae.

novistis autem nunc, cur Sphinx naso caret. maximum damnum est, quia nasus numquam iam repertus pulcherri-
mus fuit etiamsi minus pulcher quam Cleopatrae, qui, ut supra diximus, venustissimus fuit!

in interiore pyramidis parte...

arte mea nos hinc educere non possum... hoc ultimum periculum puto, quod subiimus, per Belenum!

miseret me nostri Numero-bis... auxilio nostro egens in crocodilo esse desinet!

me miseret autem caniculae meae, nonne, Idefix? ...

Idefix?!

revera adest! sed nolite me reprehendere, quod caniculam mecum duxerim! immo ipsa sola huc venit!

verum dicis: ipsa sola, i.e. sagacitate odorandi, qua nos hinc educet!

profecto verum est!

Idefix, si nos hinc eduxeris, ingens os accipies!

duo ingentia ossa!

sescenta ossa!

peto a te, ut ignoscas, Obelix. iure optimo tecum duxisti hanc caniculam!

credo nonnumquam eam omnia intellegere, quae dicam.

attendite!!! unus
ex obsessis
redire vult!

ecce, Obelix,
canicula tua re-
vertit mandatum
diligenter perse-
cuta!

ain' tu?

reginam
celerrime ali-
quid acturam
spero, quia regia
catapultis Ro-
manorum rui-
tura videtur!

revera in castris
circumclusis...

bene, Chore,
optime!

o Caësar,
cum in illis
comprehen-
dendis minus
prosperè suc-
cesserimus,
idem ipsum
efficitur: re-
gia everti-
tur!

ave Caesar... cach...
aliquis Caesarem
convenire vult...

quisnam?

postridie...

postquam complures hebdomadas regio apparatu fruentes vecti sunt...

... aliquando apparet...

ecce triremem!!!
Asterix, Obelix
Panoramixque
reverterunt!

vicani Gallici heroes suos animis inflammatis epulisque solitis paratis excipiunt...

... et haec omnia effecit...
Idex!

... nares ei sunt, amicissime, exemplum narium!

canticulum praeprabo et...

diebus insequentibus omnes felicissimi sunt... paene omnes.

veto, Obelix, veto!

... displicent mihi cippi novo more a te facti! viri vere Gallici maneamus!
